
QUIVER
1946

Bill
VANDAGRIFF

DEDICATION

To those Americans,
Young and old,
Who, during the past four years
Have fought and bled and died
On distant battle fields
To preserve their country's freedom;
To those men,
Who, at Iwo Jima and Guam
And Guadalcanal and Pearl Harbor
And Salerno and Normandy
Performed their duty
As it was set before them,
And by so doing,
Enabled us to live
Free, normal, happy lives once more
In this, our homeland;
To those men,
Who made it possible
For us to know again
The meaning of peace,
We dedicate our "Quiver"
Of the year Nineteen Hundred Forty Six.

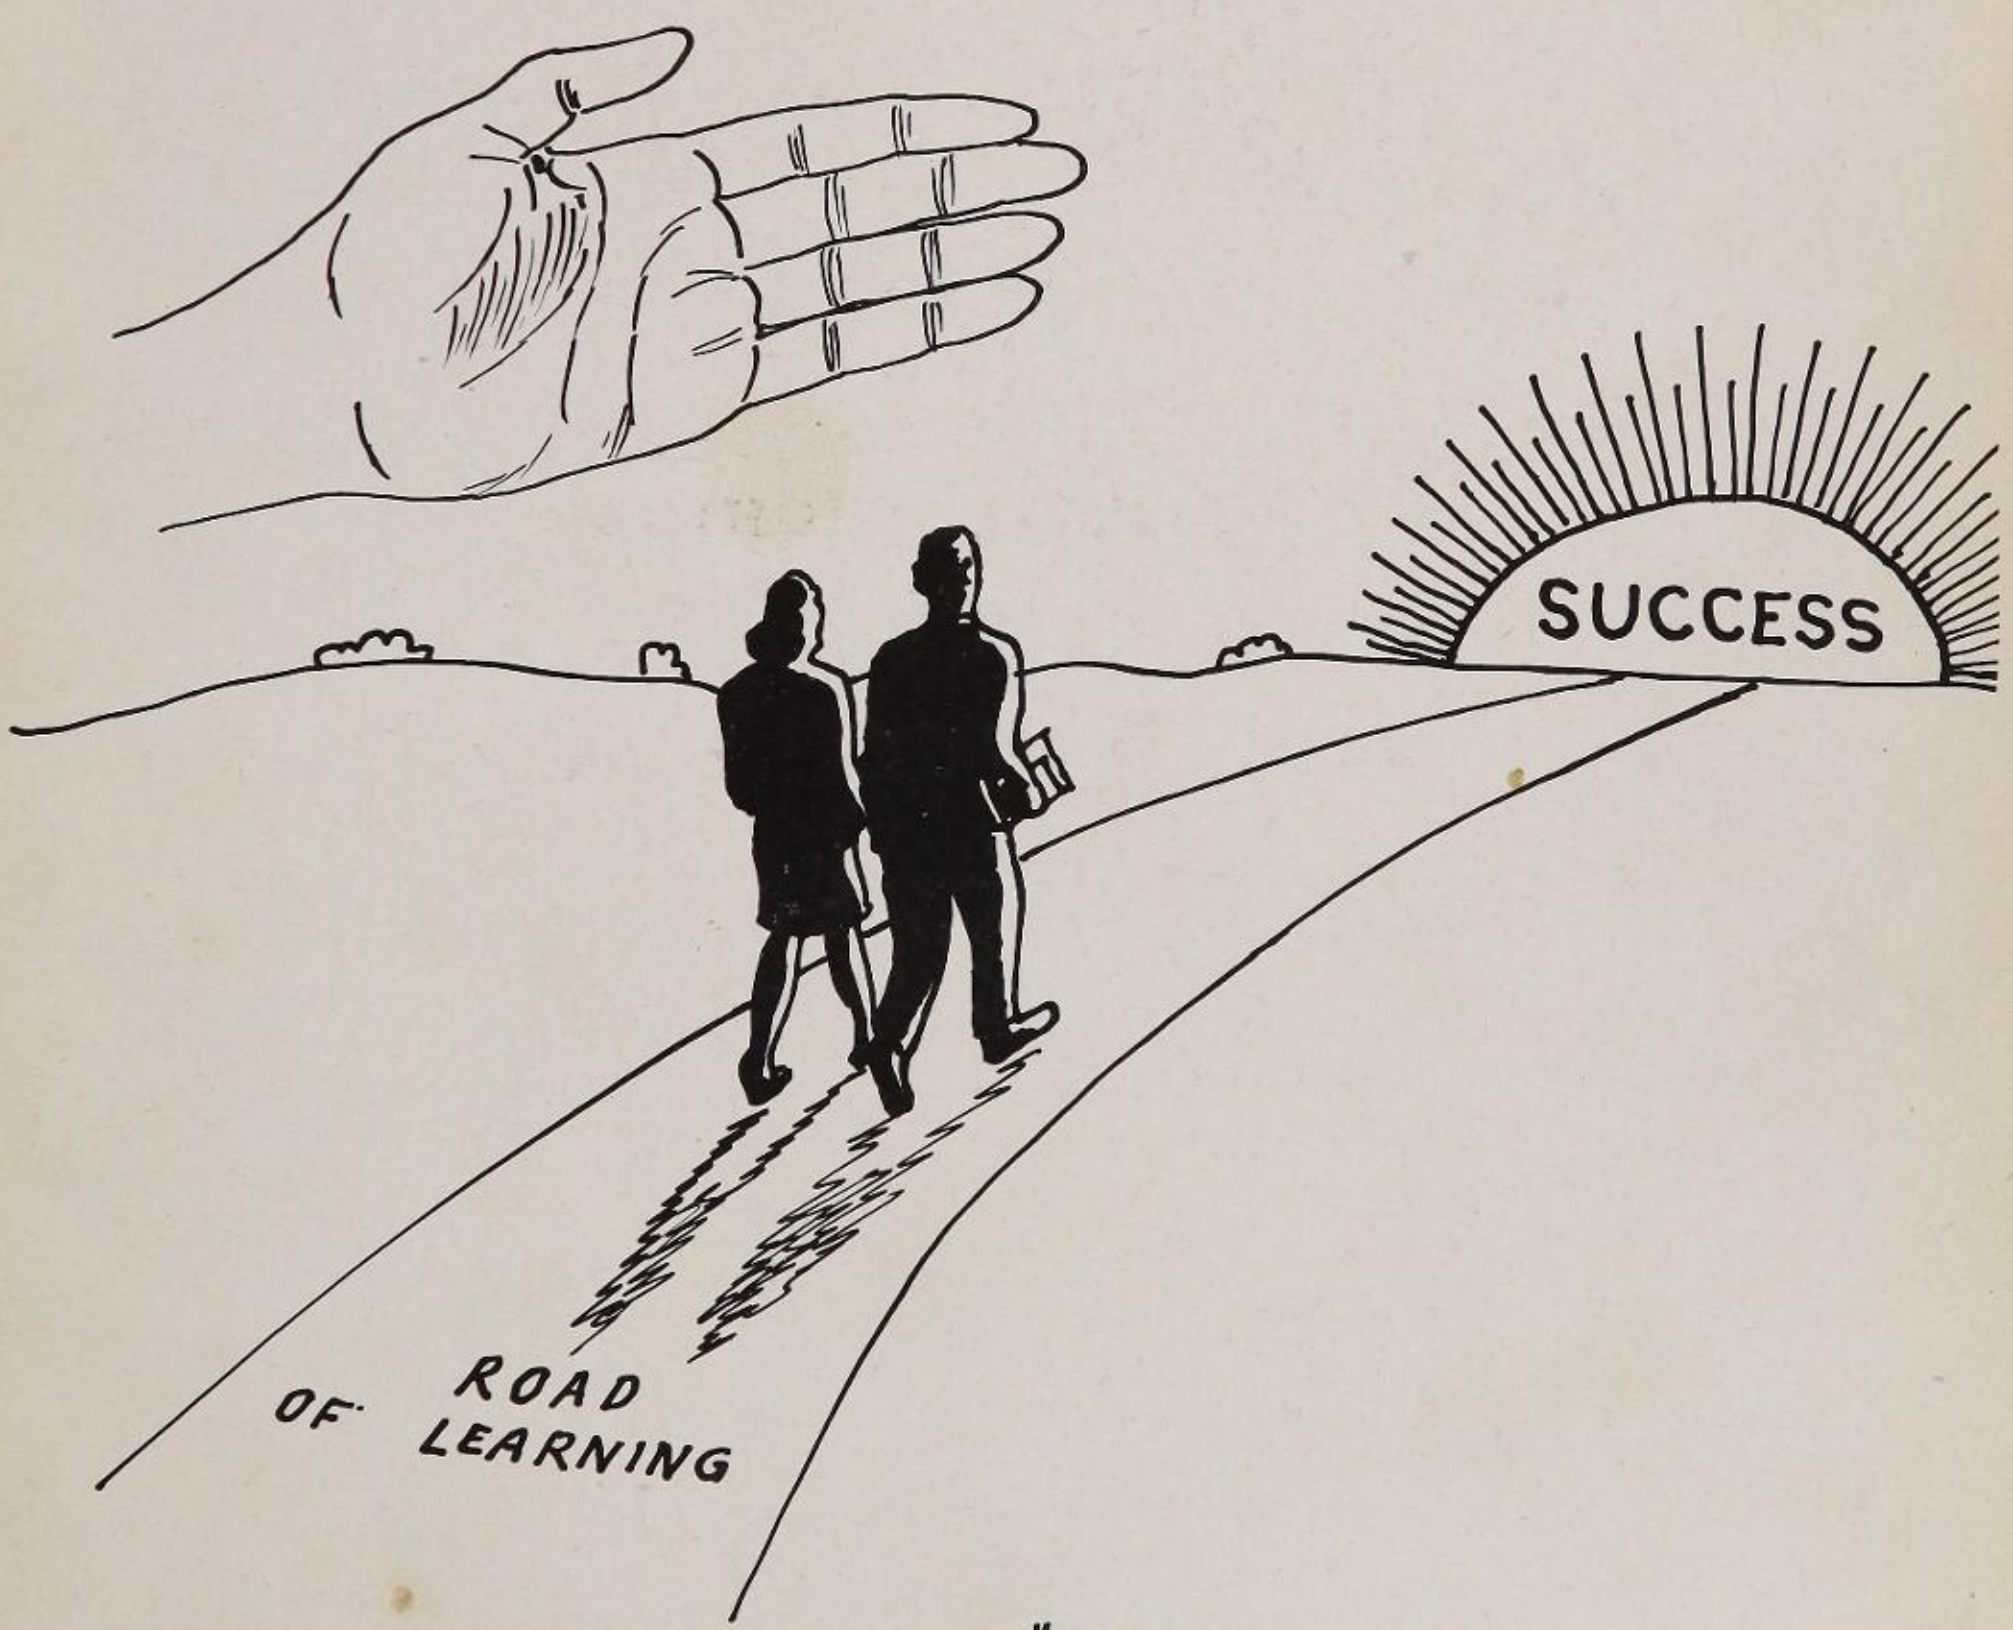
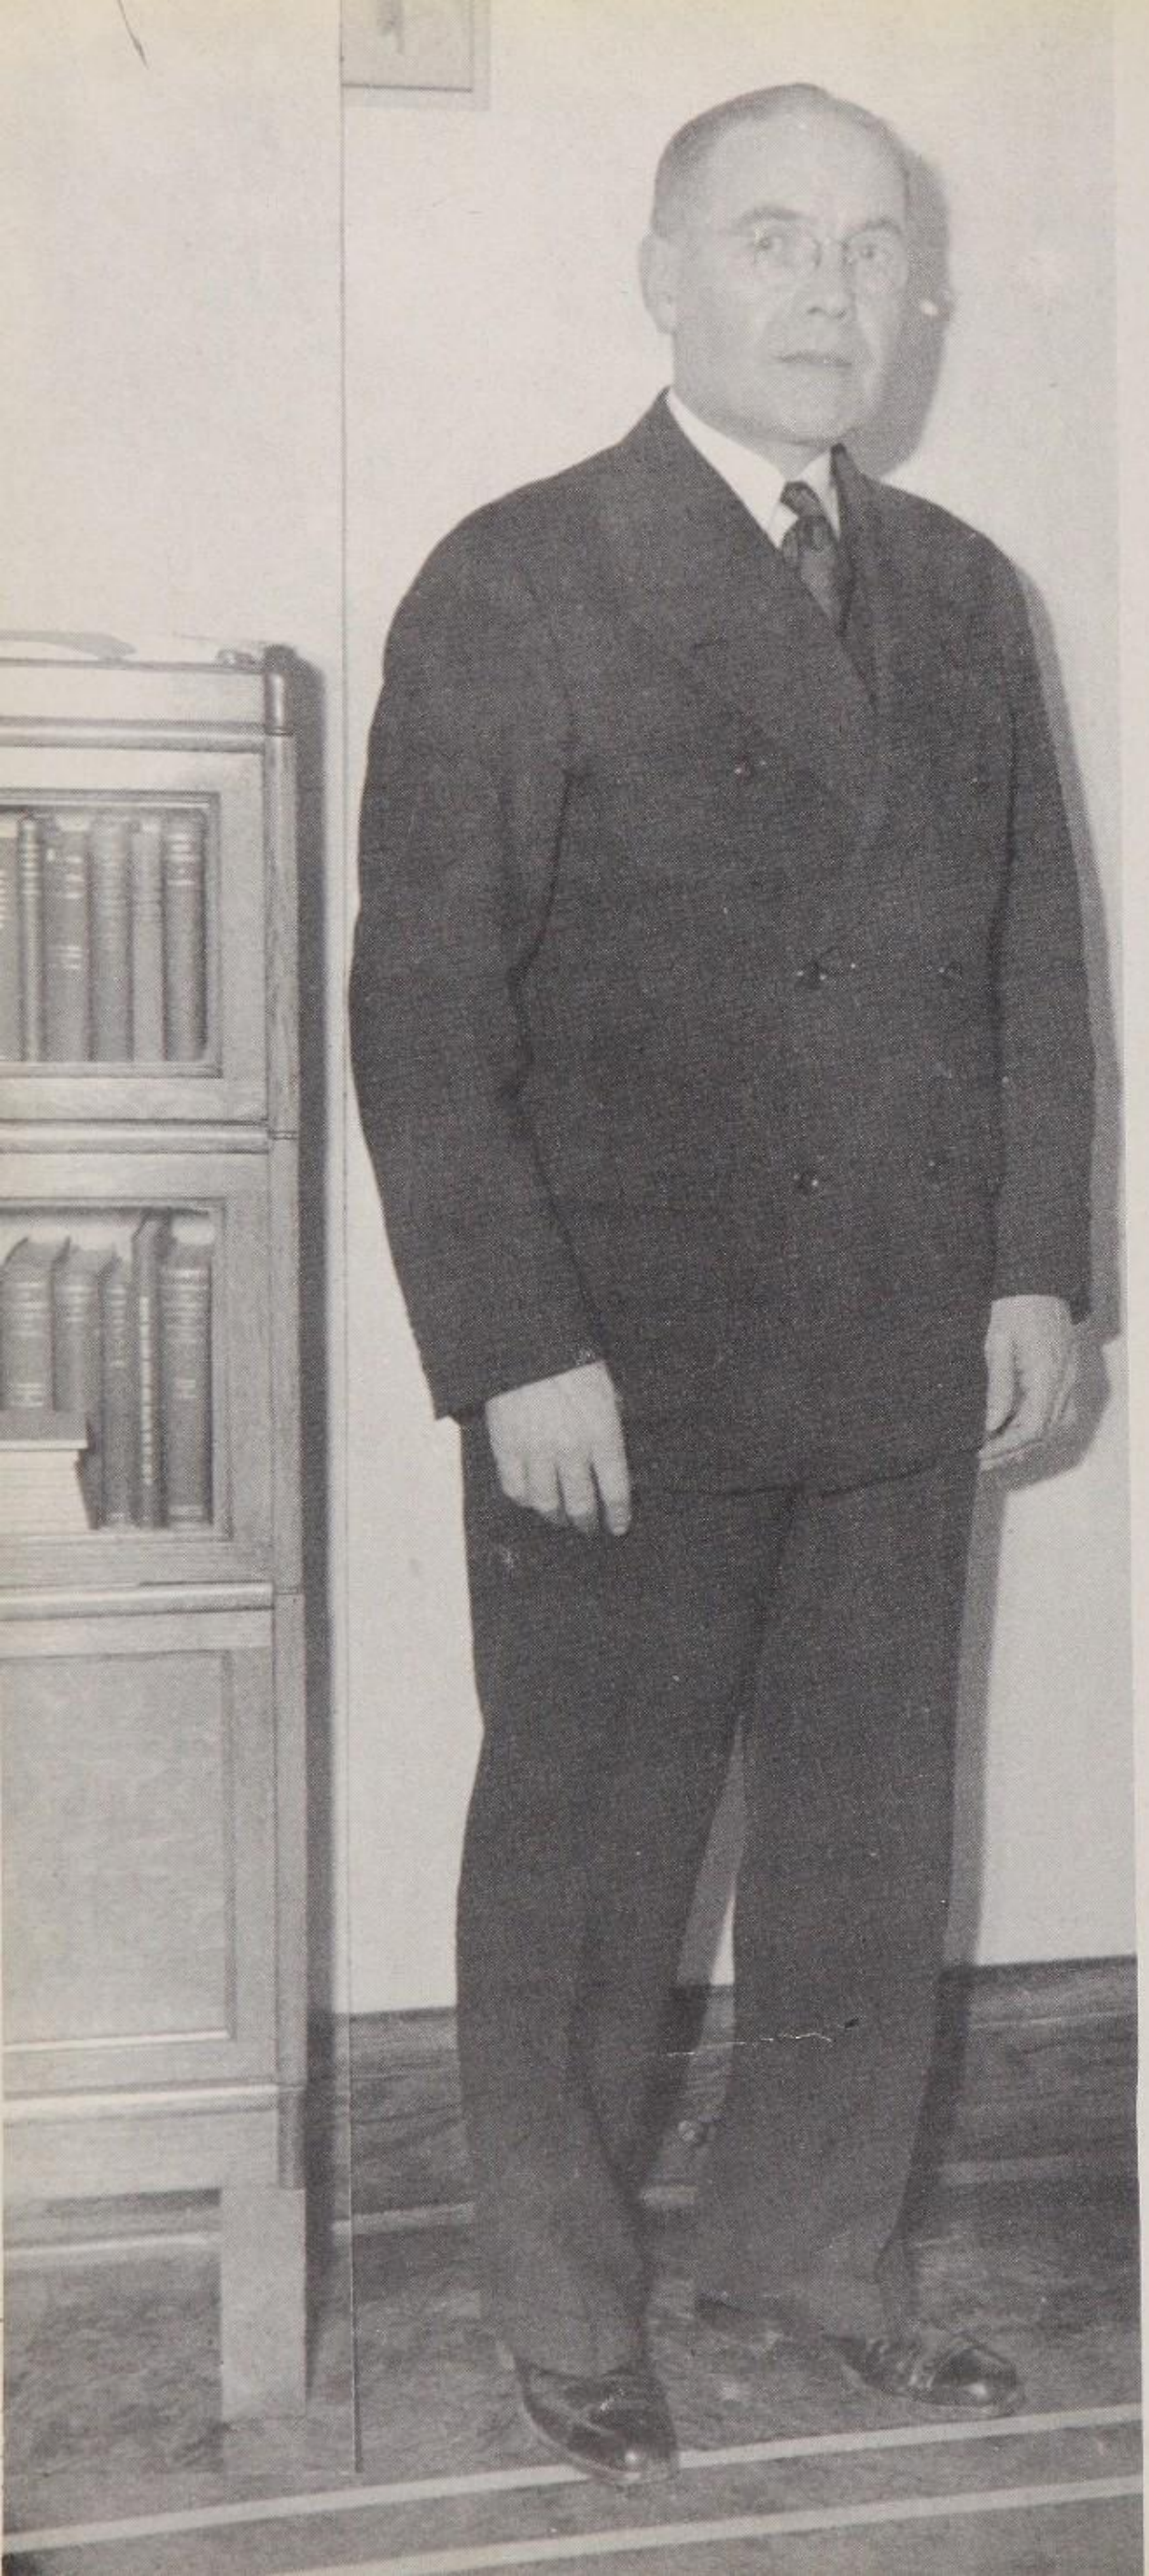
ADMINISTRATION



"THE GUIDING HAND"



MR. JOHN THORS, JR.

Mr. Thors' interest in each high school student is reflected in every activity he directs, and his leadership has brought harmony and cooperation to the high school.

One question that is invariably asked by Mr. Thors at the beginning of the year is, "How many have the first hour vacant?" When going through all these hectic days he is calm, but firm.

Because of Mr. Thors' own experiences, the veterans' problem is his problem, and he is especially interested in their adjustment.

He received both his Bachelor of Arts and Master of Arts degrees from the University of Michigan. In 1925 Mr. Thors, a former instructor in Pontiac High School, was made Assistant Principal. Again in the fall of 1930 another change took place in the administration and Mr. Frank DuFrain became Assistant Superintendent of Schools; Mr. Thors, Assistant Principal since 1925, was made Principal.

Mr. Thors sponsors all the student activities, and it is through his help that we have carried such a full activity program. Managing the numerous departments of the school, checking curriculum, and advising students, fill most of Mr. Thors' time, to say nothing of checking schedules and senior credits.

The students of Pontiac High School all join in saying, "Thanks," for a difficult job well done.

Miss Ola B. Hiller

Miss Ola B. Hiller is not only Assistant Principal, but helps in teaching Speech 5 and 6, and has charge of the Radio Workshop. In addition to these duties she is faculty advisor for the Student Council.

Every student can recognize Miss Hiller by her winning smile and pleasant personality. These two things make her a friend of all the many students who come in contact with her.

Mr. E. C. Russell

Mr. E. C. Russell is the director of vocational and adult education in the Pontiac schools. Under the Adult Education Program he has charge of the evening school.

Mr. Russell attended Western State College of Education and Wheaton College. For the past twenty-four years the Pontiac School system has had his capable and efficient services.

Mr. Frank DuFrain

Mr. Frank DuFrain has been with the Pontiac School System for a number of years.

Before becoming Superintendent, he was Assistant Superintendent, treasurer of the Board of Education, and in charge of the Board of Education offices on Patterson Street. He also took care of the financial problems of the Pontiac School System.

We are all glad to have Mr. DuFrain as Superintendent, and hope that he remains for a long time.

Mr. J. C. Covert

Mr. J. C. Covert is one of the most genial persons in our Pontiac School System. Not so long ago he was Assistant Principal of Pontiac Senior High, then became Superintendent in the Waterford Township Schools, and now after being away from us for a little while, he has returned to Pontiac to take the position of Assistant Superintendent.

Mr. Covert is heartily welcomed back, and we hope his friendly influence will long be felt.

NATIONAL HONOR SOCIETY

No honor conferred by Pontiac High School excels that of membership in the National High School Honor Society. It represents the fundamental objectives for which high schools are instituted and gives recognition to those who have attained most nearly the desired ends. The National Honor Society looks upon education as a total product measured by the four dimensions of life: character, scholarship, leadership, and service.

THE NATIONAL HONOR SOCIETY

The National Honor Society contains only those seniors who are in the upper third of their class. These students must excel in leadership, scholarship, service, and character, and candidates are selected by the faculty. Since 1924, when the Society was formed, the membership has increased greatly. Election to the National Honor Society is the highest honor that can be bestowed upon any student in Ponfiac High School.

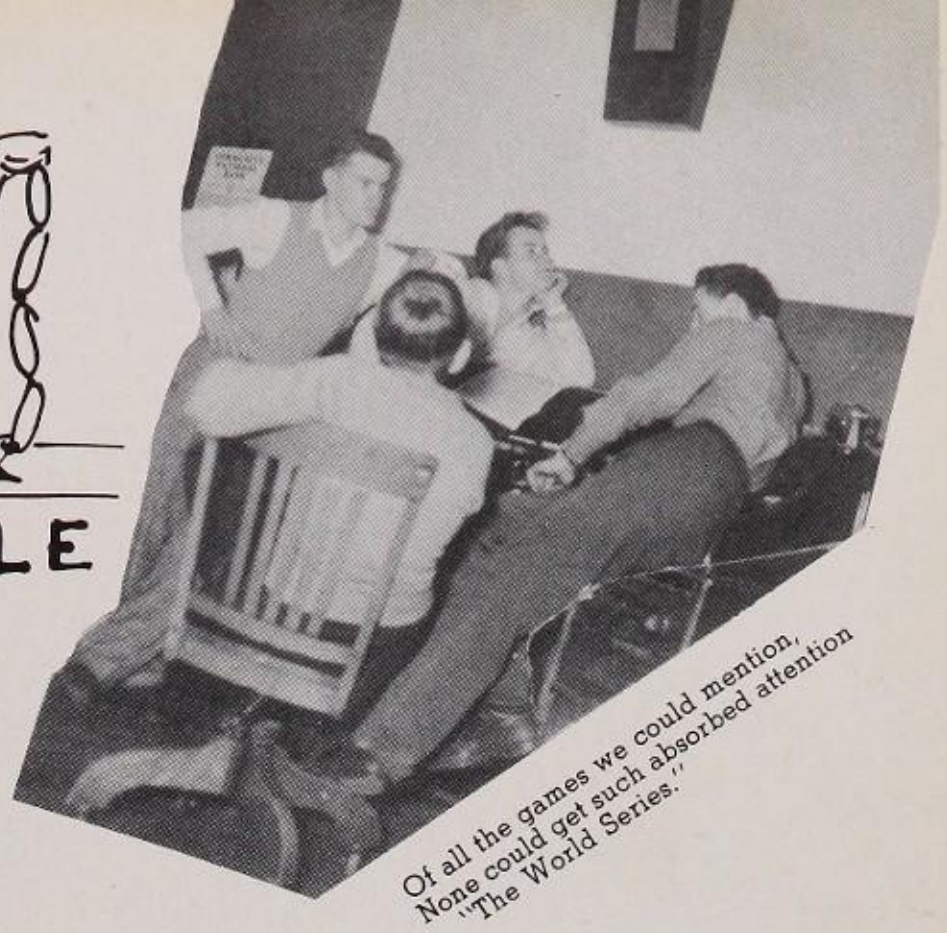
LOCKERS

The "Kick-Off Dance" was a big success;
The clean-up committee could see from the mess.

On Sadie Hawkins day, all the boys fear
What the girls have been waiting for all the year.

There never was a wonderful play
Produced without rehearsals everyday—
"Come Rain or Shine."

Remember the raffle after the first game?
A Valley League football won much fame.

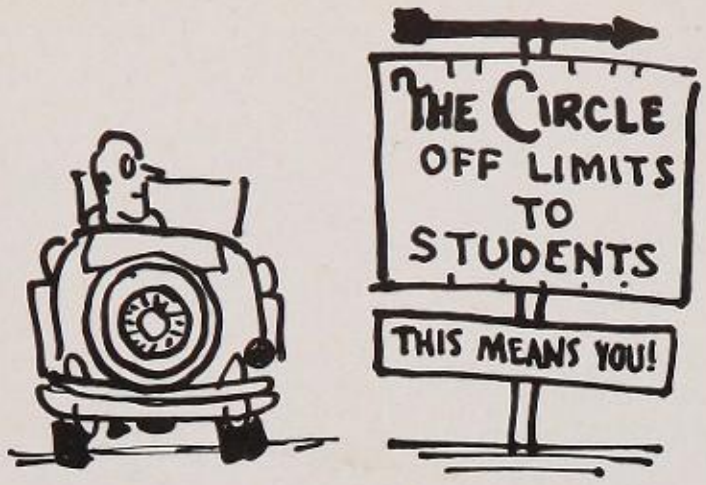


Of all the games we could mention,
None could get such absorbed attention
"The World Series."

"Got a blue slip, Bud?
If not, your name's 'Mud'!"

Here's the girl who came out on top with a model jeep and a great big orchid to boot! If you remember the Seventh Bond Drive, then you probably remember she is Pauline Smart whose grand total was $13,275.

Going once, going twice, said the auctioneer;
As he held up "Smokey," the kitty dear.



Here a student's car should never be found
Because "the circle" is considered hallowed ground.

GUS

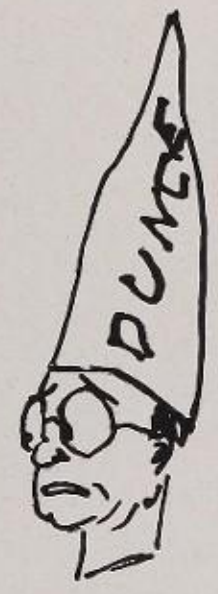
"Is this the line for nylons, or butter, or meat?"
No, this time it's for a lunch to eat."

You can see by the trophies in the case
That we've had no quitters in the place.

Delicious food is served in here
To our kitchen staff we should give a cheer.

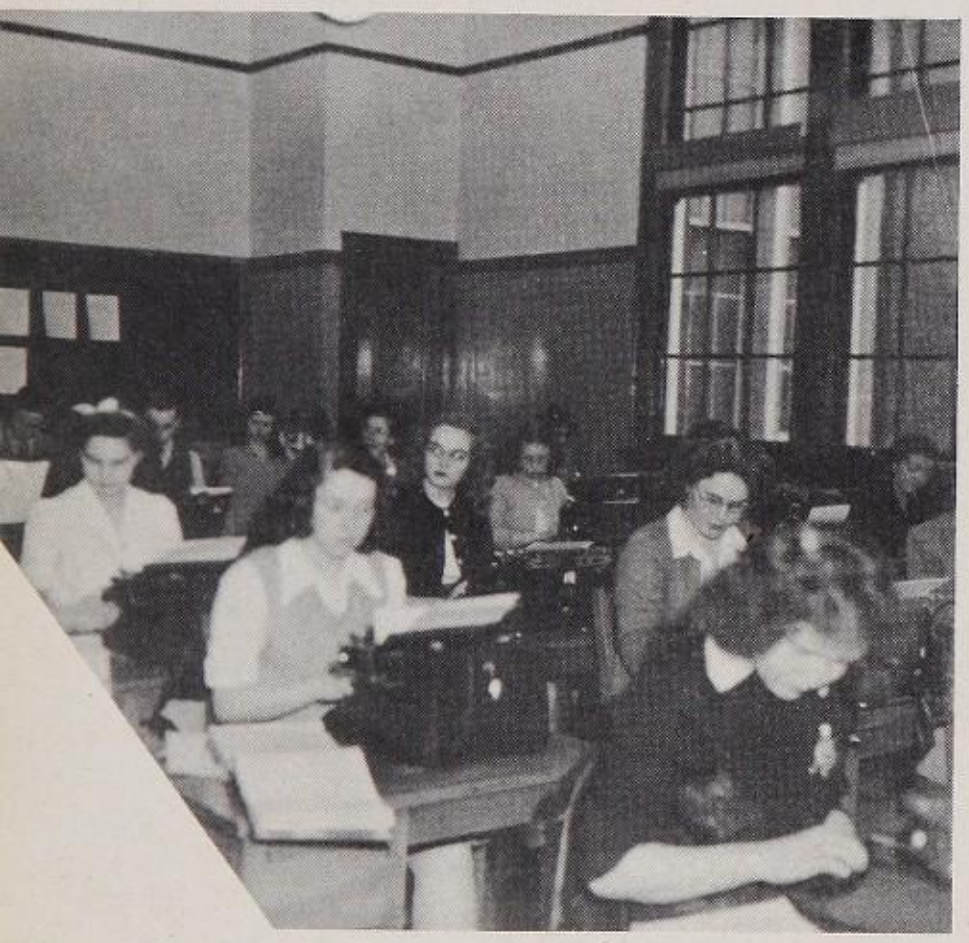
SCHOOL "PROPER" (?)

Are they coming down the "up" stairs? ? ? ?



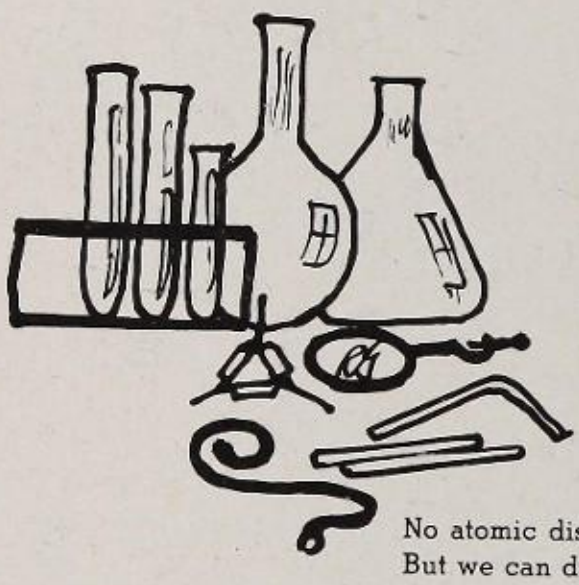
Our servicemen just can't resist
Talking to the teachers they've missed.

"Don't watch your hands, watch the book
Remember you can't type if you look."



(Math?) Bored? (English?)

Cooking class is a lot of fun
Especially after the dishes are done!



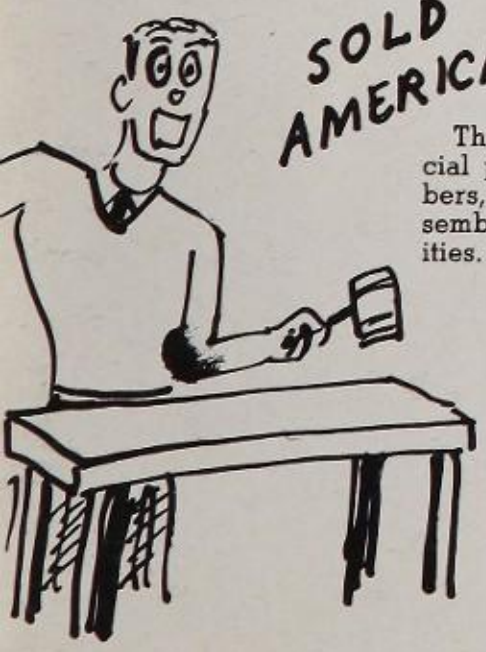
No atomic discoveries have been made here yet
But we can do it—want to bet?

QUIVER

The cameraman caught these people in one of their very busy moments working on the 1946 Quiver Year Book.

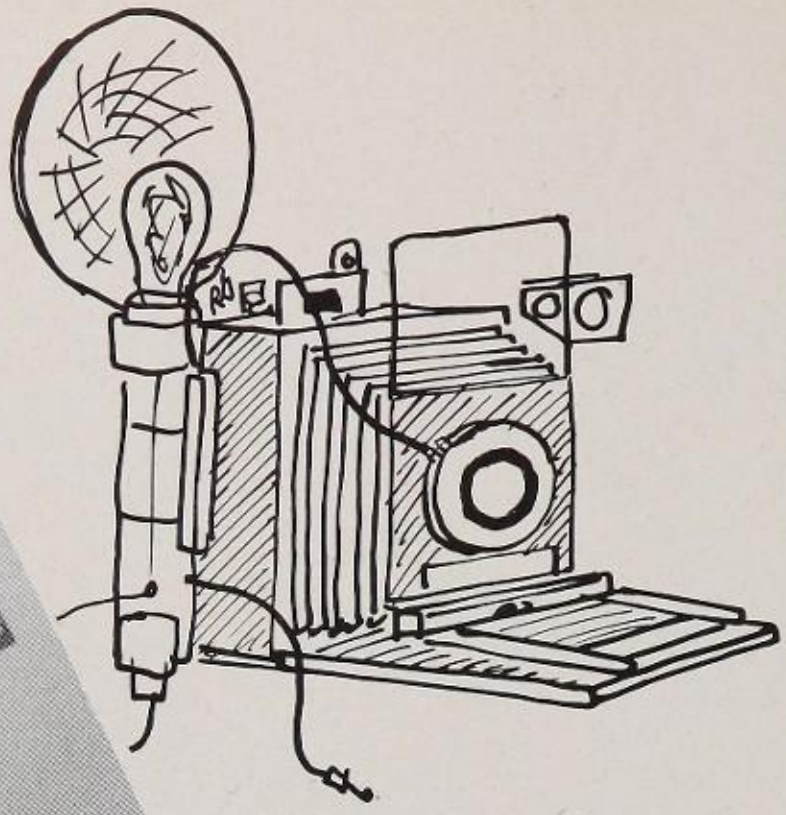
TOMAHAWK

This very efficient staff is the Tomahawk which gives us our weekly school paper.

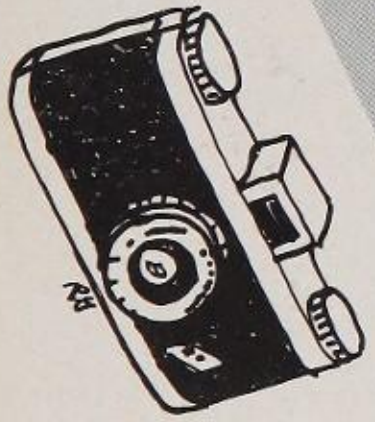


STUDENT UNION

These people take care of the financial problems of Student Union Members, combining "bargin" rates for assemblies, publications, and sports activities.



"Watch the birdie! Smile if you please. Now we're ready, careful don't sneeze."



Here you have the modern dress of the Geisha Girl of China. The kimona is of black silk, embroidered with different colored threads. There are many different figures on the kimona, each with a separate meaning.

The pajamas are made of green silk, which is the every day wear of the Chinese who can afford it.

This outfit was sent to Barbara by her brother, Cpl. Robert Moen, who at the time was with the Marines in China.

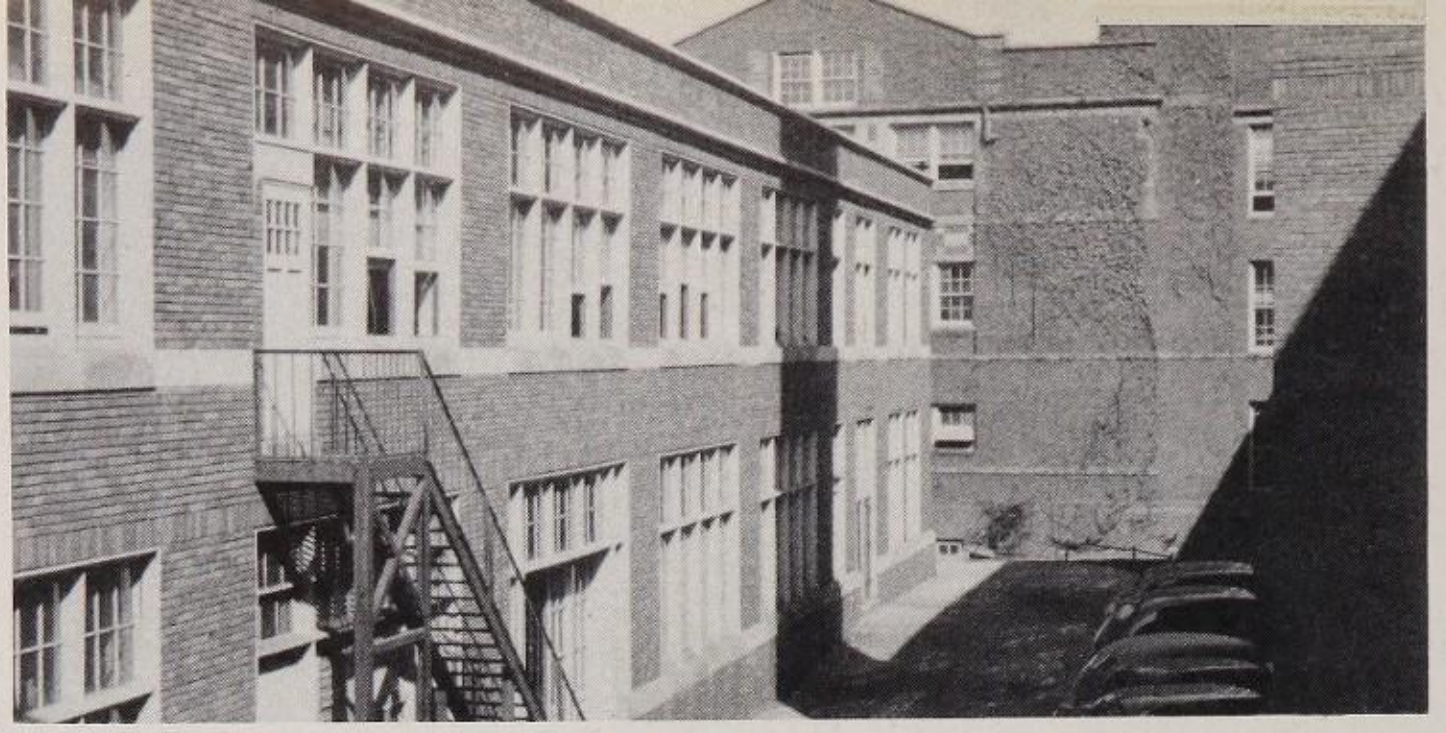
"TILL THE END OF TIME"

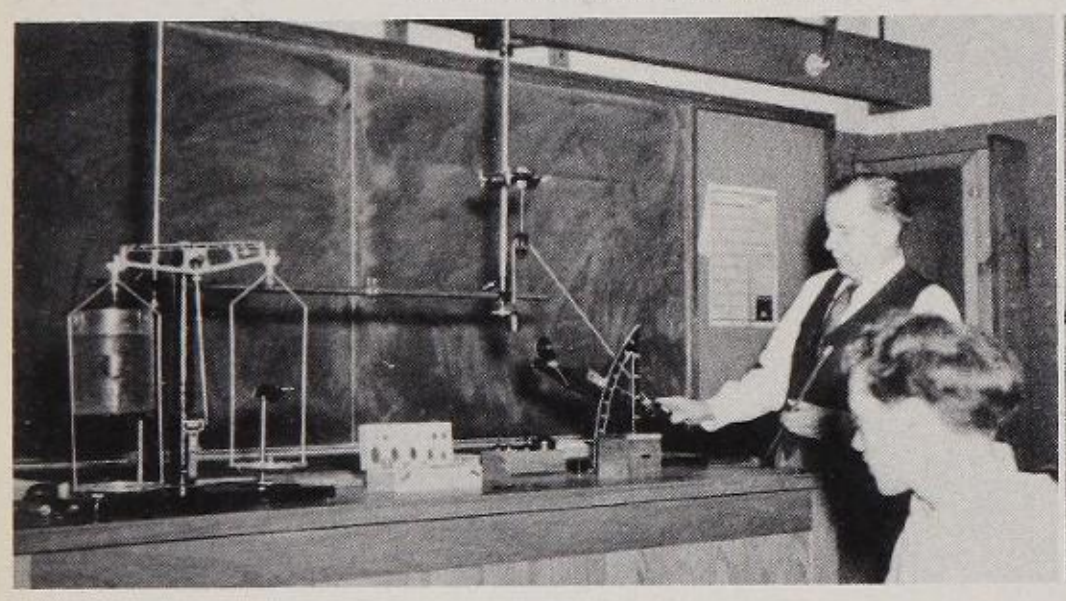
"SYMPHONY"



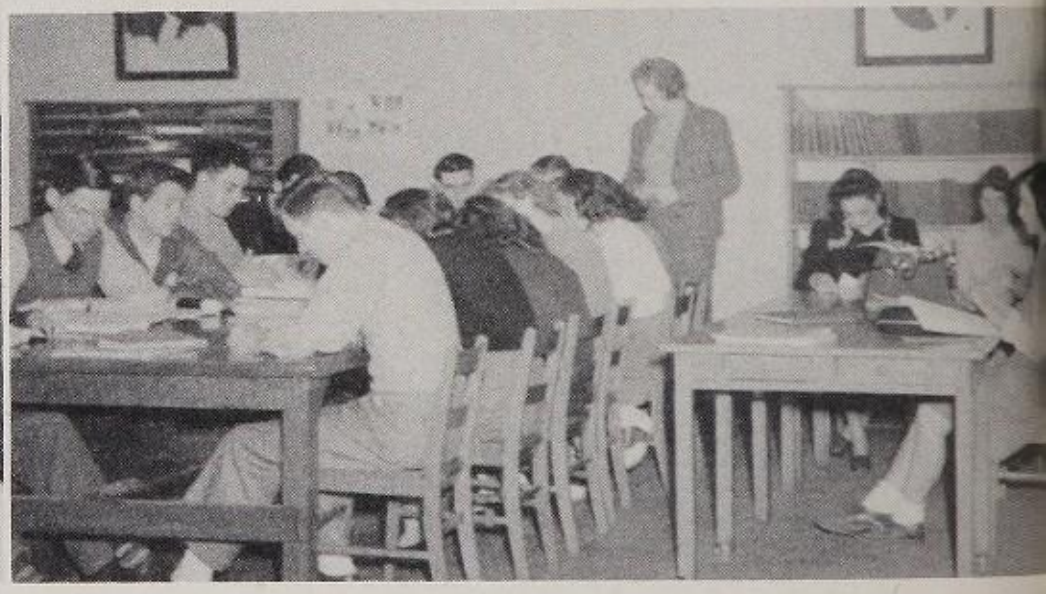
This is a new view of the Industrial Education Building. As an integral part of the modern high school program, its activities include vocational education for students who desire to enter employment in business and trade occupations upon graduation from high school. Courses offered in vocational education are not terminal courses, but rather of a basic nature leading to apprenticeship and internship in industry and the distributive fields. In addition to the vocational program, offerings are provided for engineering students; also pre-induction technical courses for boys entering the armed forces.

During the early war years 3,000 persons were provided with conversion training for employment in war industries. An adult evening school has been carried on for many years, giving further education and training along trade extension lines. At the present time a reconversion program is providing for the training of many veterans who are being returned to civilian status. A considerable amount of equipment has been granted by the Federal Government under the war production and pre-induction training courses.

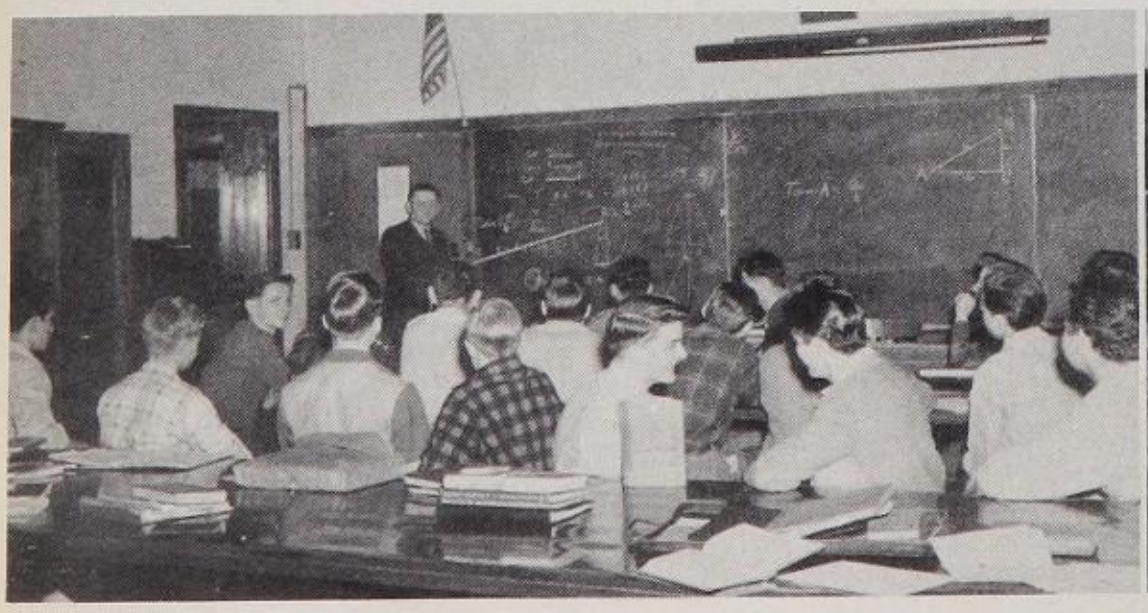
On the following pages a portion of the new equipment and new activities may be seen.



Applied Physics



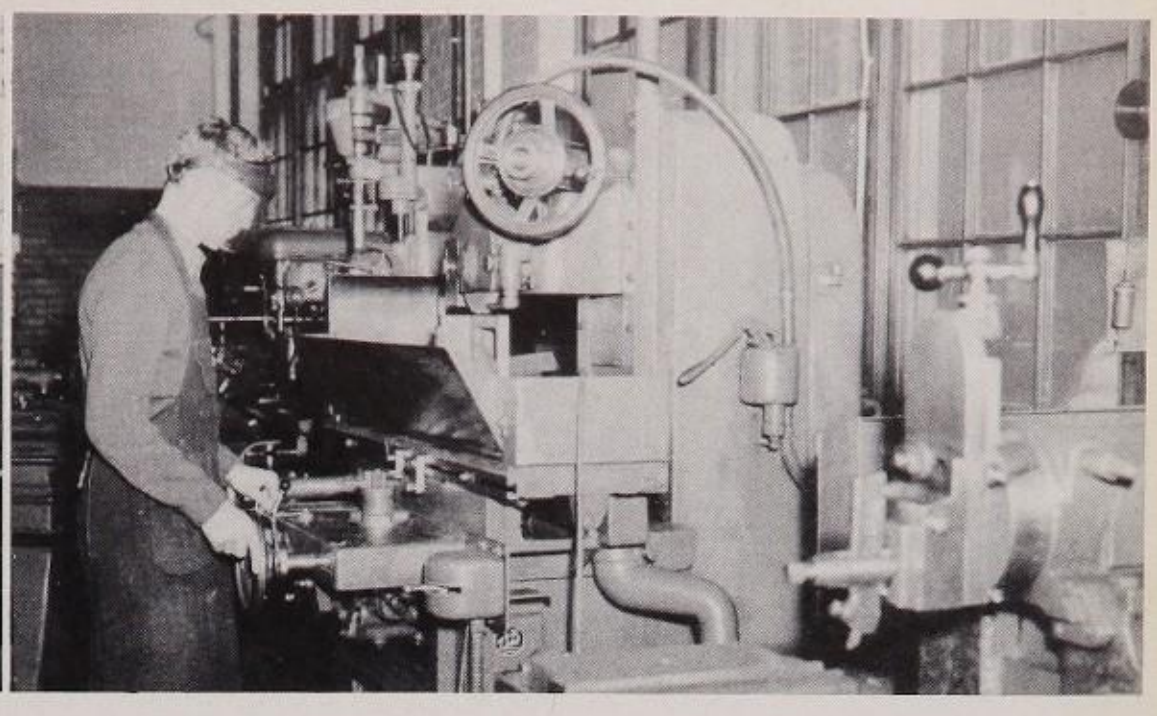
Distributive Education is the newest addition in the Vocational field



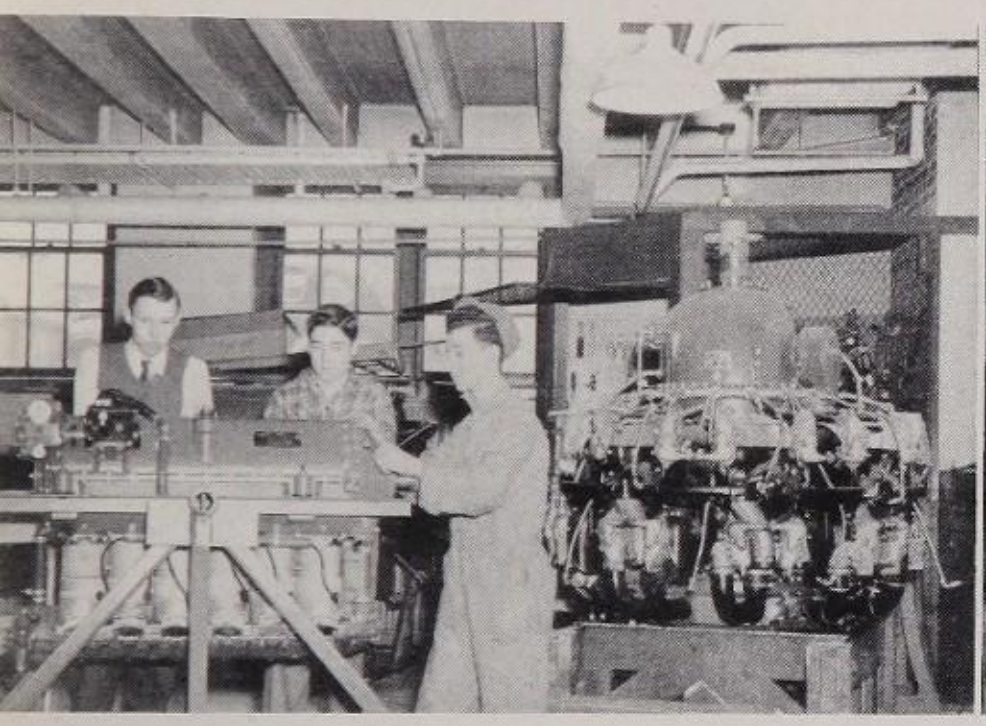
Applied Mathematics is given for machine shop, automotive, and aircraft mechanics

All vocational students take machine hand tools bench operations

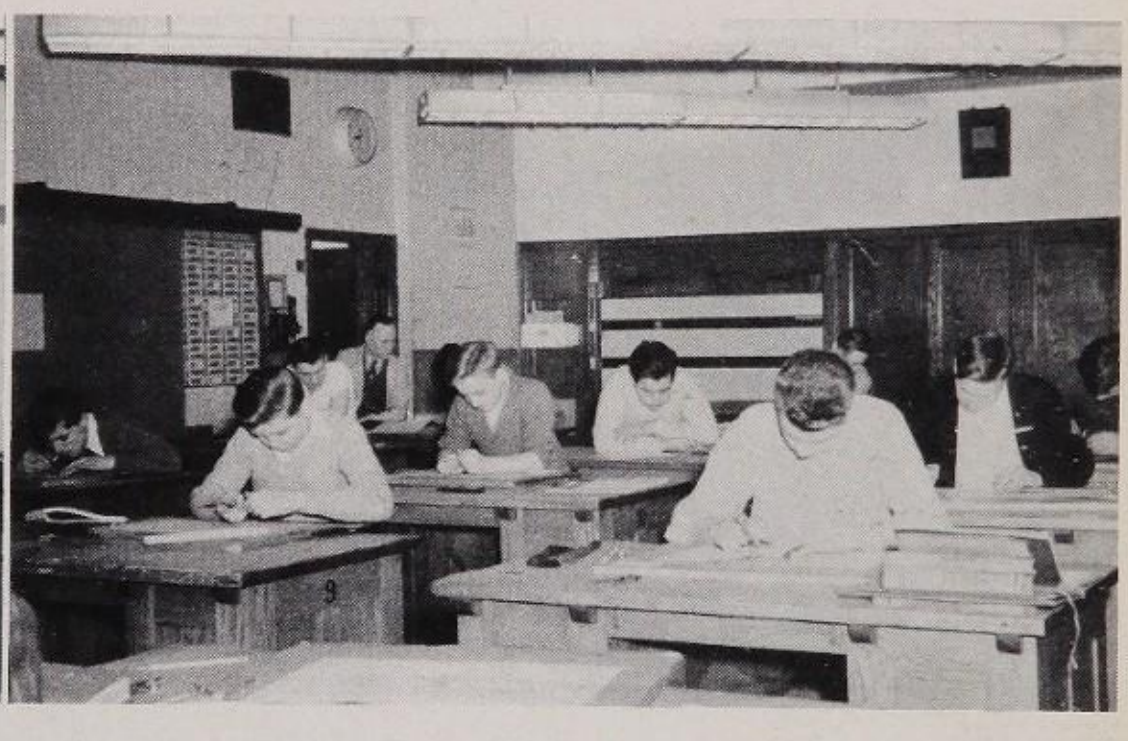
Operating a metal working shaper



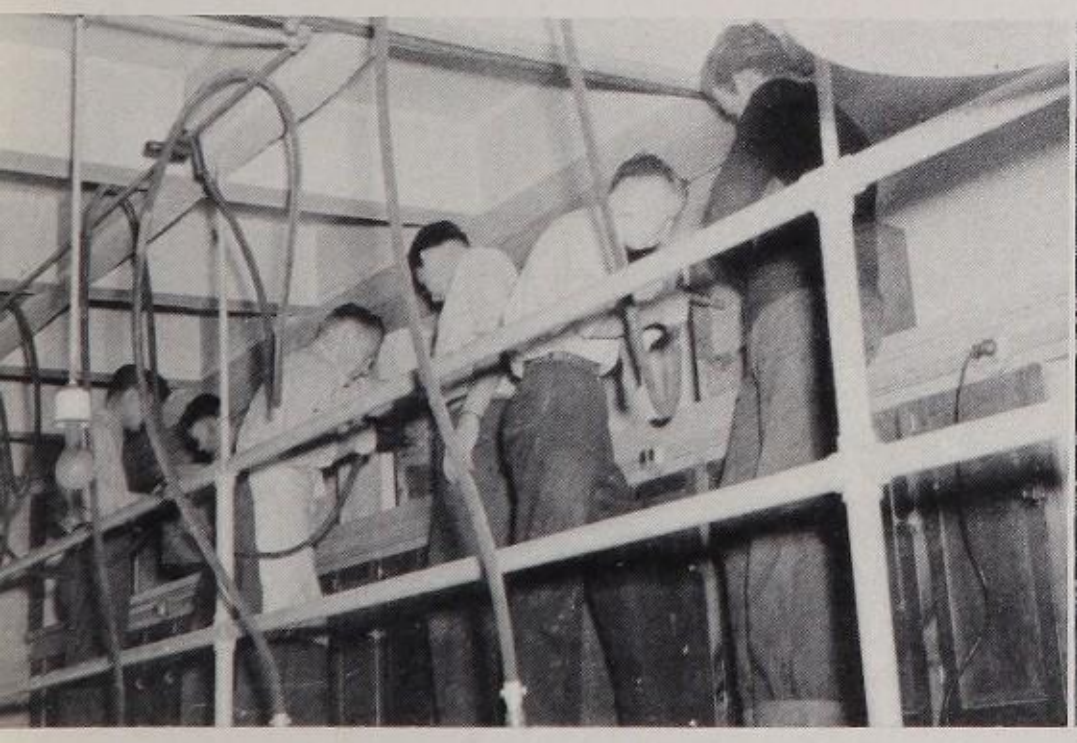
A surface grinder—one of the Government's contributions to our training program for War Production workers



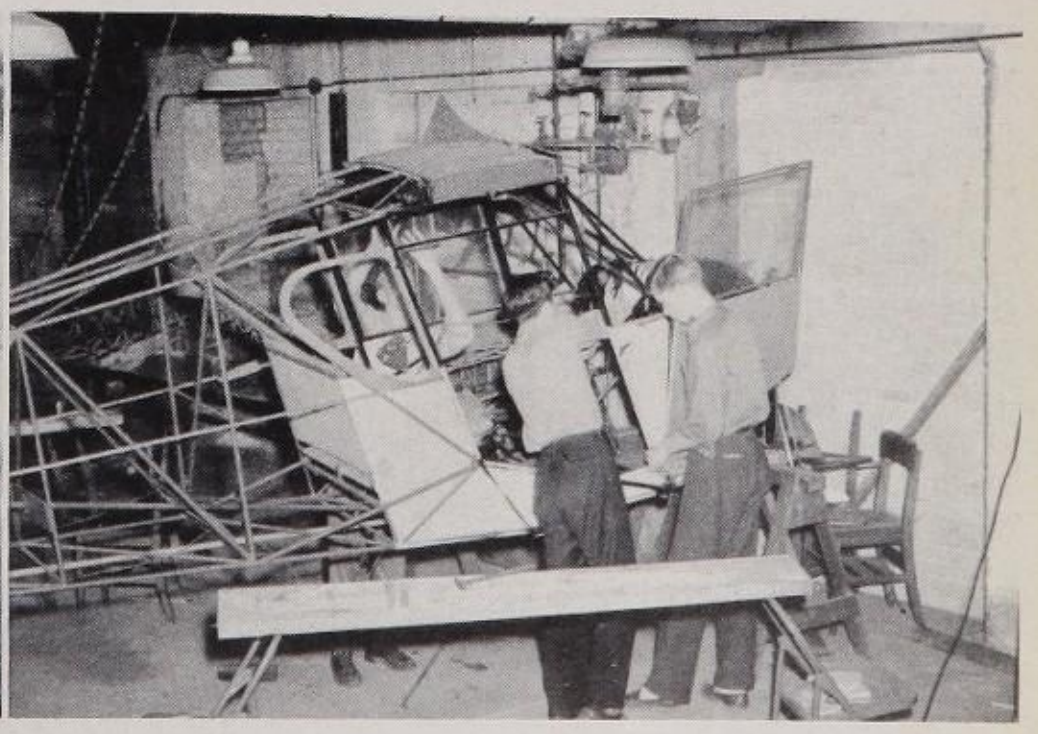
Two new airplane motors purchased for cost of crating and shipping from R.F.C.



Two drafting rooms, similarly lighted and equipped, care for eight different phases of drafting

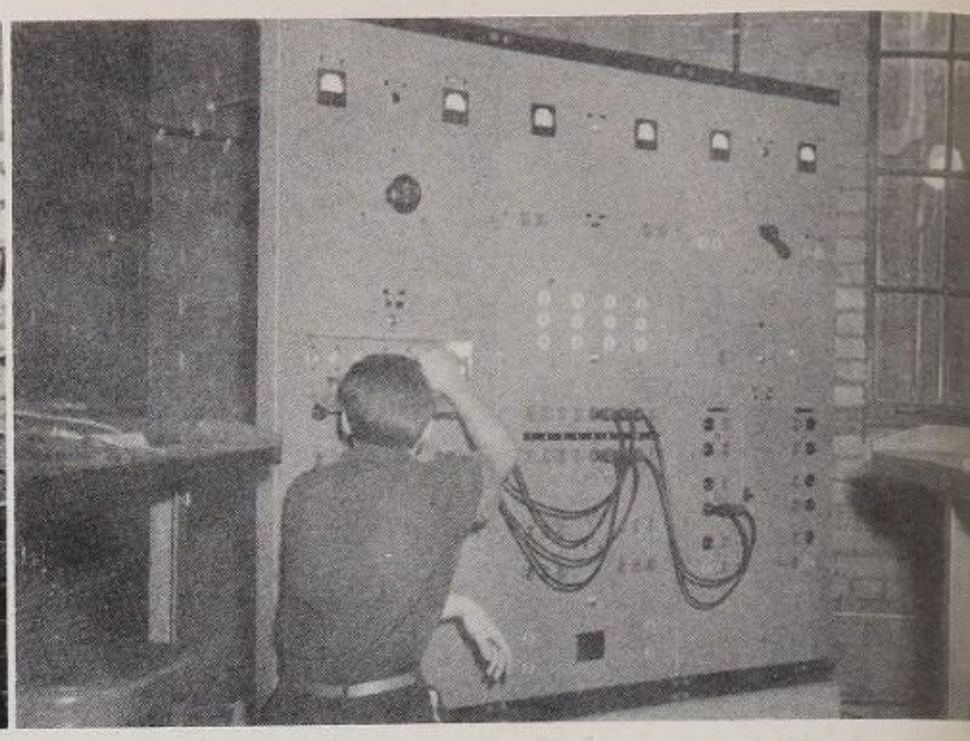


This mezzanine balcony recently has been equipped for airplane riveting

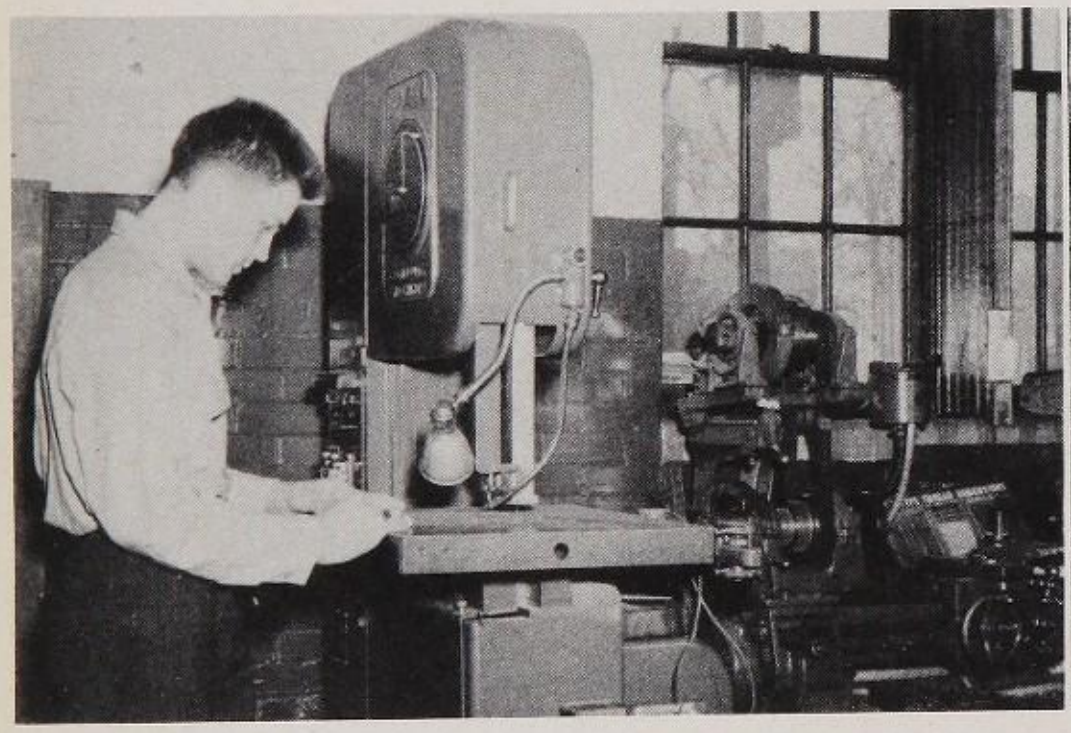


Airplane maintenance mechanics

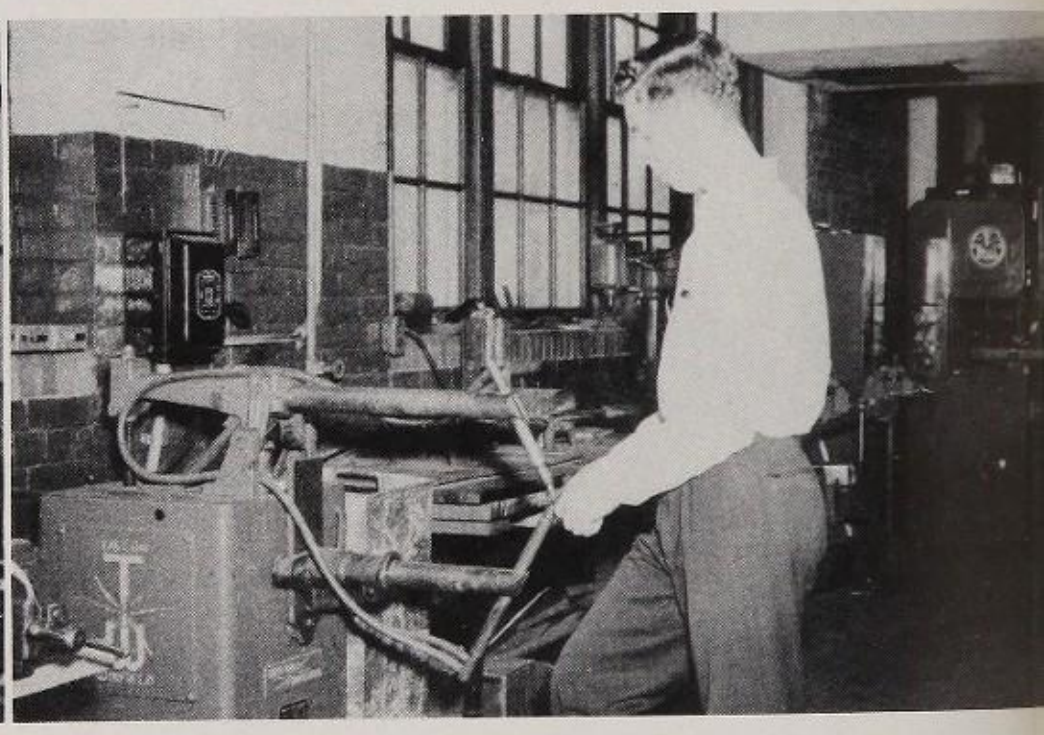
All airplane maintenance mechanics must be able to do welding



Electric panel designed for distribution of different currents to various locations

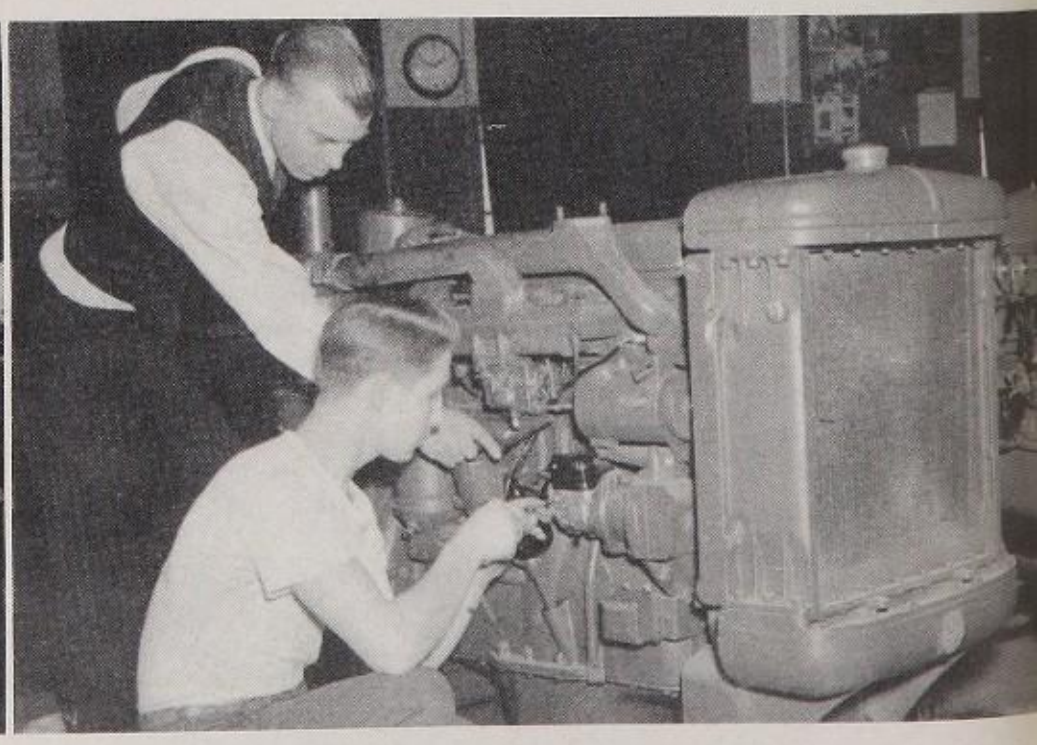


Operation of a Do-All saw in metal fabrication



An electric spot welder

The weekly issue of the Tomahawk



A diesel engine has been added to the automotive equipment

PLAYCRAFTERS

Twenty-one years ago the cast of the annual spring comedy organized themselves into a group which became the Pontiac Playcrafters Club, a senior high school dramatic society. It is considered the oldest of its kind in the United States of continuous activity under the same sponsor, W. N. Viola, chairman of the Speech Department.

The first president, Mildred Todd, has continued her dramatic interest on the professional stage. Among the more than five hundred Playcrafter graduates are represented numerous professions: medicine, law, teaching, ministry, and business.

The group meets bi-monthly for business and entertainment. The Christmas Party, Spring Picnic, and the Parent's Reception are the important yearly events, and every five years the club members celebrate their anniversary with a ball.

To become a Playcrafter, students must fulfill one of three requirements; participate in a public dramatic production, be one of the stage crew, or be a member of the dramatic class. Playcrafters may become members of The National Thespian Society by participating in two long plays or its equivalent.

Miss Phyllis Phlegar teaches classes in Radio Speech and directs the Wednesday broadcasts, "Maggie Muggins" and "Story Time." This is her second year at Pontiac High School.

MISS OLA B. HILLER

Our assistant principal, Miss Hiller, is loyal to all of the activities at Pontiac High School. However, dearest to her heart is the Radio Workshop which she organized as a club seven years ago. Now the twice-weekly broadcasts for in-school listening have won state and national recognition, and Miss Hiller spends her summers in all sorts of interesting places directing workshops, teaching others how to organize workshops, and to use radio as an aid in teaching. For two summers she has directed the Radio Workshop and broadcasts at the National Music Camp at Interlochen. Last summer she taught at a Radio Institute for three hundred teachers, sponsored by Station KMBC in Kansas City, Missouri. This summer she has been invited to teach at a two-week institute at the University of Wisconsin, and a four-week Radio Workshop at the University of Chicago.

The success of the Workshop, according to Miss Hiller, can be attributed to a wonderful spirit of group co-operation and a deep devotion to a serious purpose. She has often been heard to say, "Students in the Workshop have a responsibility to the boys and girls in the schools of Pontiac. Every broadcast is designed for classroom listening. The quality of the program must be satisfying to the listeners and worthy of the time so generously provided by Station WCAR."

It's Story Time," broadcast on alternating Wednesdays, is a series of dramatized stories for children in the second, third, and fourth grades. This program features a radio honor roll. After each broadcast the classes send in a suggested letter, poem, story, or drawing. The winning class is invited to come to the High School to watch the next broadcast in the studio. Other winners have their names mentioned on the honor roll.

ALL ABOARD! ALL ABOARD!
THE RADIO MERRY-GO-ROUND!

With these words Skipper Bob introduces the program broadcast every other Wednesday to all kindergarten and first grade rooms in Pontiac. Each broadcast features a well-loved children's poem, an exciting adventure of a delightful little girl named Maggie Muggins, and a song written especially for the story and sung by first grade pupils from one of Pontiac's elementary schools.

Maggie Muggins is seven,
Maggie Muggins can run,
Maggie Muggins can sing,
Maggie Muggins has fun.

"These Are My Kindred," the radio series for junior and senior high school listeners, dramatizes the heroic deeds of young people of the United Nations during World War II. In these weekly broadcasts the Radio Workshop students have attempted to create an understanding of and an admiration for the youth of other countries. Perhaps the real purpose of the series is expressed in the prayer which closes each program.

Oh, hear our prayer, Thou, God of all the nations,
The prayer of youth in every allied land.
Teach us to know, to love, to trust each other—
Our common hopes and dreams to understand.
For only then can freedom-loving kindred
A lasting, universal peace command.

Faced with the alternative of winning or dropping into the basement slot of the S. V. L., Pontiac's cage squad will travel to Owosso for a tussle with the Trojans tomorrow night.

Still without a victory in league play, Owosso will be out to prove to their home town supporters that they can win ball games. Coach Ed Husbeck, who took over in mid-season, has been trying a juggling act on his lineup in an attempt to get some scoring punch. Husbeck reached a degree of success

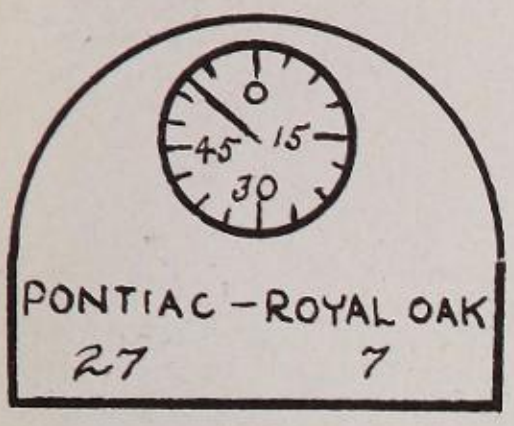
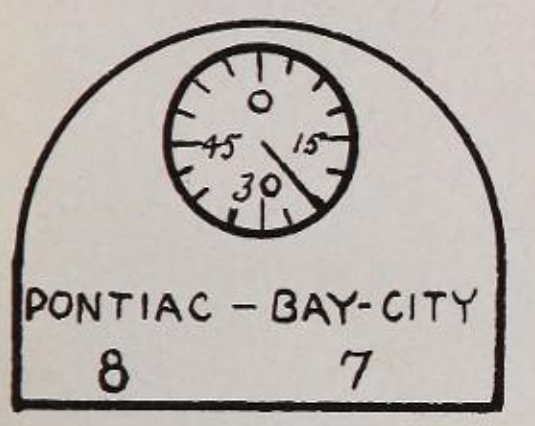
GREAT WORKS OF THE GRIDDERS





FOOTBALL—'45 SEASON

Even before "the frost was on the pumpkin and the leaves were tumblin' down," Coach Harold Smead sent out his call to all P. H. S. hopefuls. Late in August he and his staff began the huge job of cutting and rounding into shape the largest force of gridders in local history. Opening day drills provided the coaches with over 150 boys from which to choose, but this number was soon cut to a workable forty. Unlike Chief squads of old, the 1945 aggregation boasted a group of "scatback" ball-toters headed by Captain Fred Dennis, and listed such speedsters as Stan "Poon" Hester, Jim Kelchner, Johnny Swanson, and Jim Engleman. A big hard-charging line led by Alan Peters, Kenny Johnson, Bill Vernon, Don Porritt, and Dean Fessenden offered the "scamperers" protection. Weeks of preparation by coaches and players alike were rewarded when the team roared into Royal Oak and drubbed the Acorns, 27-7, in the season's opener. The first home game in this fair city was greeted with bushels of excitement and gallons of rain! Chiefs, however, managed to emerge with a scoreless tie against Hazel Park in that deluge, and came back the next week to edge a stubborn Bay City eleven 8-7. Overconfidence cost the P. H. S. gridders a 13-6 defeat at the hands of Ferndale, but incensed by that loss, they stalked back to whip Saginaw Eastern and Owosso. However, all good things must end sometime, and while playing good ball, the Chiefs dropped their last three contests to Arthur Hill, Flint Northern, and Flint Central's Indians, who went on to win the Saginaw Valley League crown.

Pontiac rang down the football curtain with a record of four wins, four losses, and a tie. The play of the team looked ragged at times but became more polished "as time went by" . . . Trainer Bob Poe's "little black bag" was kept very busy treating the aches, pains, and bruises which slowed down many a Chief warrior, and a mid-season shoulder separation, suffered by "Poon" Hester, hurt the locals' chances considerably. Pontiac's Papooses, under the guiding hand of Coach Art Van Ryzin, had one of their very best seasons, closing with four victories, one deafet, and two ties . . . Both squads were really "on the ball" throughout the '45 campaign!

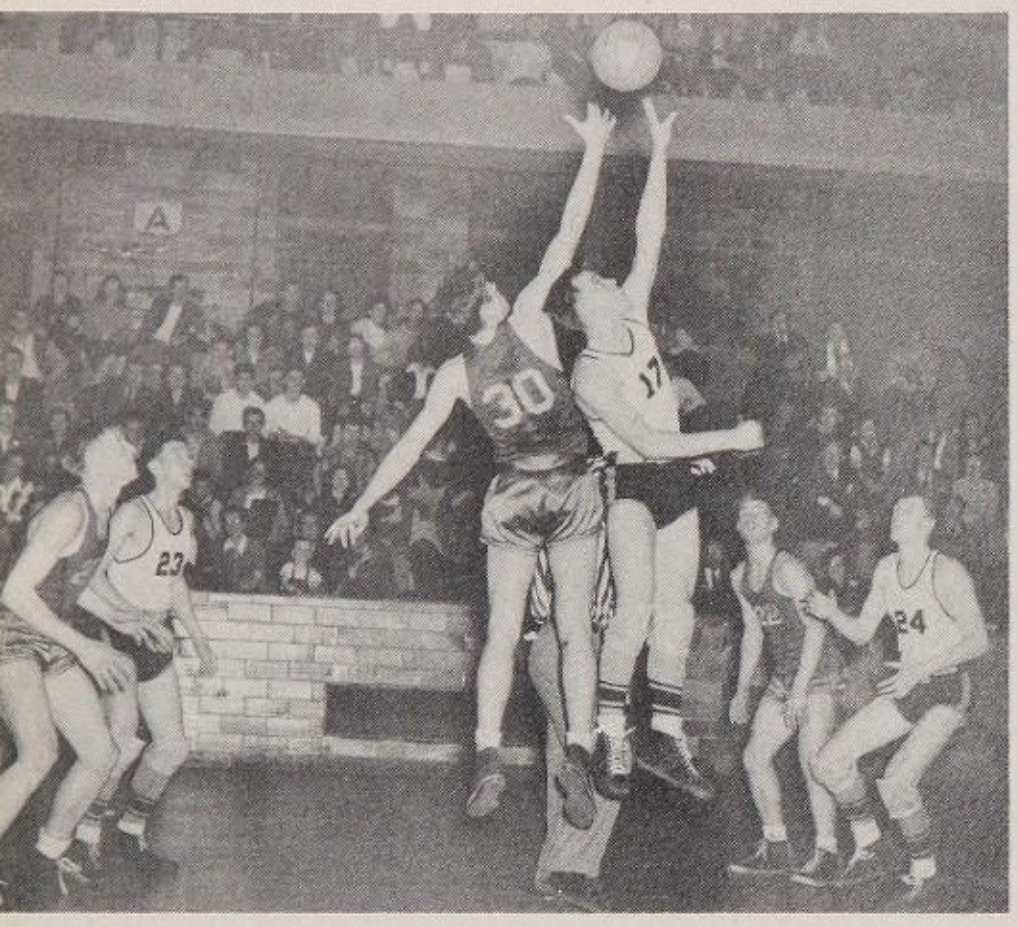
CAGERS FIGHT HARD!



Basketball—America's number one indoor sport! Each new season brings its share of thrills and chills, aches and breaks; and each new season comes roaring in on a wave of enthusiasm! Such was the case at P. H. S. as the lid-lifter of the 1945-46 campaign drew near . . . Coach Waldo Ashley had chosen his starters with great care, with Captain Dick Carter and Floyd White "set to go" at the forward posts, while "jumping jack" Don Davidson centered the squad. Dick Lucas and naval dischargee Andy Linsey nailed down the guard spots. Pontiac fans got a season of excitement packed into that first Grosse Point tilt, when their own Chiefs came from behind, tied the game, and went on to win, 29-28, in overtime. At the next encounter the locals struck trouble and absorbed four straight shellackings before gaining a second victory, this over Owosso, 37-27. After the Owosso fracas, the bucketeers sank to the depths; the losses piled up again, and it was six straight this time before they managed to break the victory famine. Ashley upset all previous plans by sending an alternate squad against Owosso in the second meeting of the two clubs, and emerged with a 42-29 victory (season win number three)! Nearing the end of the trail, the improving Chiefs tangled with a Mt. Clemens quintet in a non-league clash. In a sort of grand finale Pontiac met Flint Central's Indians, losing 43-33, and thus wrote "finis" to one of the most disastrous cage sessions in quite a while. Coach Art Van Ryzin's Papooses compiled a good record after a slow beginning, ending with eight victories and seven losses.

About the time the gridders had put up their shoulder pads and helmets, Coach Neil Gray put out his call for splash talent. This call brought many inexperienced paddlers, and only four veterans.

Long hours of practice paid big dividends as they roared over an outclassed Pontiac Y.M.C.A. team in their first meet, 55-29. After that first win, however, the Chiefs hit a rather bumpy road in their next eight meets and were able to grab only three victories. It looked as if the Orange and Black was off to a bad year, but they had different ideas. Led by Captain Pat Pennell, Dick Allen, Orville Warren, Hal Shoup, and Jerry Brace, Coach Neil Gray's crew grabbed four of their last five meets to go roaring out like a proverbial March lion.

The Chiefs closed a fine season with eight wins and six losses to end in second place in the Saginaw Valley League standings. The finals event for the year was held in Ann Arbor in the form of a Class A meet. Pontiac tied Grosse Point for the eighth place in a field of twenty.

One last achievement of the natators was racked up when they grabbed thirty-four out of thirty-six possible first places in four consecutive meets. In doing this the Chiefs piled up 327 points to 98 for their combined opponents.

The Reserve Swimming Squad came home from the Saginaw Valley League Reserve meet at Bay City with a victory tucked firmly under their belts. For this feat, a trophy was presented to them by the B'nai B'rith Lodge which presents this award every year for the outstanding athletic achievement in Oakland County.
